I wouldn't change anything about the course content. I thought everything was well organized and very clear.

Although I recognized that the class deals with many received forms and therefor lecture is required. I would like to see more time in workshop.

I really enjoyed this course. I learned a lot more than I thought I would and I give all the credit to Professor Somers-Willet.

I guess I have a hard time with not knowing any grades or where I stand in the course.

Overall, great class, great learning atmosphere.

Thanks! ☺

- Class/prof was very informative & helpful
- would have liked another week or so of formal style/lecture instead of diving into writing every week

This class connected me with my own writing, and poetry in general, in a stronger manner than any other life experiences. Although this was a writing class, I also became a better reader from this course. Somers Willett makes me proud to be a writer and a student at this university. My growth as a writer is important to me, and I can tell it is important to her as well.

less reading of text, more reading of poems.

This class was amazing I learned so much about form and accepted forms of poetry. Lectures were helpful. Workshop was __very__ helpful for my growth as a student + writer.

Some suggestions, I would like more audio. I think it's important to hear how the poetry sounds. I found the class to be informative. As for examples, I think you gave the perfect amount. I would have liked for the class to be longer with end date.

thank you!

This isn't so much a comment on/for the professor, but for my classmates. We were supposed to do the assigned readings for class, But not many ever did. i wished they had because then we could have spent less class time reading the readings.

Dr. Somers-Willett is AMAZING! she always makes herself available to her students, and she single-handedly sparked my interest in poetry.
